

3080 Microscope Series

Stage: 123 x 129mm with stage clips.

Substage: 3080 models are supplied with a built-in N.A. 0.65 condenser with five aperture disc diaphragm. 3080-MS and 3081 models are offered with a N.A. 1.25 abbe condenser with iris diaphragm in a spiral mount.

Focusing: Separate coarse and fine adjustment controls with preset tension adjustment on the coarse control. Built-in slip-clutch system and preset focus stop prevents accidental damage to objectives and slides.

Illumination: Built-in 7 watt fluorescent illumination with collector lens and ON/OFF switch. Fluorescent bulb has a 10,000-hour rated bulb life. Ground 3-wire line cord and cord hanger for simple and easy storage.

Optional Accessories: WF15x (15mm F.O.V.) and WF20x (11mm F.O.V.) eyepieces, 20x and 60xR* objectives and microscope carry case.

Miscellaneous: 5 year warranty and dust cover with each complete model. Dimensions (L-W-H): 9" x 6.5" x 15".

ACCU-SCOPE's 3080 microscope series focuses on the high performance and durable value required by today's educators. Designed to withstand years of heavy classroom use, the 3080 Microscope Series is a student-proof instrument that offers many professional features at an affordable price.

Eyepiece: WF10x eyepiece with pointer, 18mm field of view. The eyepiece is locked-in to prevent classroom tampering.

Head: Monocular head inclined 45° and rotatable 360° to maximize comfort, convenience and ease of sharing. Built-in finger grips make head rotation fast and easy!

Stand: Full size stand with separate coarse and fine adjustment controls set in ergonomic, low positions for comfortable use. Cast alloy aluminum stand with an acid resistant lustrous almond finish and cord hanger.

Nosepiece: Rear facing, quadruple revolving, ball-bearing nosepiece with positive click stops to ensure parcentration. Oversize grip on turret makes switching objectives fast and easy.

Objectives: DIN standard, achromat, parfocal, parcenter and color-coded.
